Arlo Complete Smart Home Security & Video Bundle	Arlo-Kit-1	The Arlo Complete Smart Home Security & Video Bundle delivers a fully integrated solution for protecting your home with intelligent monitoring, high-quality video, and centralized control. This kit includes an advanced home security system with multiple sensors to monitor doors, windows, motion, and environmental activity, providing real-time alerts and peace of mind. A wire-free keypad allows for convenient system arming and disarming from inside the home. For video coverage, the bundle features a high-resolution video doorbell for clear views of visitors and deliveries, along with an indoor pan-and-tilt camera that enables flexible room monitoring and remote viewing. An additional all-in-one sensor and security tag enhance protection for valuables, entry points, or specific areas of concern. Outdoor readiness is supported with a long-range magnetic charging cable, allowing compatible devices to remain powered and operational in exterior environments. The kit also includes an annual Arlo Secure Premium subscription, unlocking advanced features such as cloud video storage, smart detection, activity zones, and enhanced notifications across all connected cameras and devices.	1	$1,079.75

		Ideal for homeowners seeking: • Whole-home intrusion detection and monitoring • Indoor and entryway video surveillance • Smart alerts and remote access via mobile app • Flexible device placement and expanded coverage • Advanced security features with cloud recording Designed to work seamlessly together, this all-in-one Arlo bundle provides a scalable, modern home security experience with professional-grade features and simple setup.		
Professional System Installation & Configuration	Onsite Security System Install	Includes device mounting, system setup, app configuration, testing, and customer walkthrough.	1	$399.00
